

## High School Report

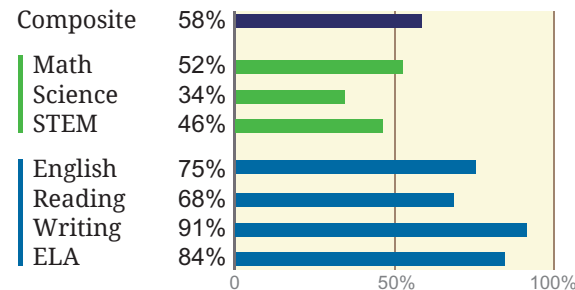

## Ranking Results

The student's ranks tell you the approximate percentages of recent high school graduates in the US and your state who took the ACT® test and received scores that are the same as or lower than the student's scores. For example, a rank of 56 for the student's Composite score means 56% of students earned that Composite score or below.

## Detailed Results

### MATH 19

### SCIENCE 18

**ACT Composite Score:** ACT math, science, English, and reading test scores and the Composite score range from 1 to 36. For each test, we converted the student's number of correct answers into a score within that range. The student's Composite score is the average of his or her scores on the four subjects rounded to the nearest whole number. If the student left any test completely blank, that score is reported as two dashes and no Composite score is computed.

**STEM:** Science, Technology, Engineering, and Math | **ELA:** English Language Arts

**ACT Readiness Range:** This range shows where a student who has met the ACT College Readiness Benchmark on this subject test would typically perform.

### ENGLISH 24

### READING 23

**Understanding Complex Texts:** This indicator lets you know if the student is understanding the central meaning of complex texts at a level that is needed to succeed in college courses with higher reading demand.

### WRITING 08

## Progress Toward the ACT National Career Readiness Certificate®

This indicator provides an estimate of the ACT National Career Readiness Certificate (ACT NCRC®) that students with this ACT Composite score are likely to obtain. The ACT NCRC is an assessment-based credential that documents foundational work skills important for job success across industries and occupations.

Students with this ACT Composite score are likely to obtain a Silver level on the ACT NCRC.

Dashes (-) indicate information was not provided or could not be calculated.
