# Important Information

---

## Multiple Records

Records for an individual student who tested more than once may be reported with the same test date, but with different test locations (e.g., National, State). To differentiate records accurately, always use test location (position 249) in addition to the test date (month and year – positions 233-236).

**NEW!** Indicates that a change was made in **March** 2016.

**NEW!** Indicates that a change was made in **June** 2016.

## **NEW!** Dashes in the Record

Dashes (-) included in the record mean information was not provided or could not be calculated.

## CD-ROM Characteristics

- **Disc type, density, and maximum number of records per disc:** 700 MB; N = 600,000
- **File type:** ASCII line sequential file with a carriage return and line feed at the end of each record.
- **Record length:** 1050 characters (there will be blank positions at the end of the record)
- **Encryption:** WinZip password protected.
- **Alphabetical data:** All in uppercase only.

## New & Updated Content

The following information outlines new and updated content within the record layout. The table below includes the original position(s), original field name, and a brief change description. For complete field, position, and description information, see the **Field Description** section of this document.
