

## Overview

This document contains information the test coordinator (TC) and test accommodations coordinator (TAC) need to request accommodations and/or English learner (EL) supports on the ACT® test.

## Resources for Requesting Accommodations and/or English Learner Supports

Use this guide in conjunction with the following items to help you request accommodations and/or EL supports for examinees.

### Resources for National and Special Testing

- Test Accessibility and Accommodations System (TAA)
- *Test Accessibility and Accommodations User Guide*
- *Consent to Release Information to ACT Form*
- *Teacher Survey Form*

### Resources for State and District Testing

- Test Accessibility and Accommodations System (TAA)
- *Test Accessibility and Accommodations User Guide*
- PearsonAccess<sup>next</sup> System
- *PearsonAccess<sup>next</sup> User Guide for the ACT Test*
- *Consent to Release Information to ACT Form*
- *Teacher Survey Form*
- *Late Consideration Form*

## Available Accommodations, Supports, and Arrangements

The following test accommodations, supports, and arrangements are available for the ACT.

### Available Options National and Special Testing

- National Standard Time with Accommodations and/or EL Supports
- National Extended Time
- National Extended Time with Accommodations and/or EL Supports
- Special Testing

### Available Options State and District Testing

- Accommodations Authorized by ACT
- English Learner Supports
- Local Test Arrangements
- Non-College Reportable Accommodations and/or EL Supports

Use the documents below to determine the appropriate accommodations, supports, and/or arrangements for your examinees.

## Requesting Accommodations and/or EL Supports Authorized by ACT

The online Test Accessibility and Accommodations System (TAA) is used for ACT accommodations and supports management. The test coordinator (TC) and/or test accommodations coordinator (TAC) use TAA for:

- Submitting requests for accommodations and/or supports to ACT
- Checking the status of requests
- Reviewing Decision Notifications
- Requesting reconsideration of requests that were not approved initially, if applicable
- Viewing examinee information for planning purposes, as needed

## Deadlines

---

It is in the examinee's best interest to work with his/her school to submit a request in the Test Accessibility and Accommodations System (TAA), as early as possible.

National or Special requests, including reconsiderations, must be submitted by the late registration deadline found at: <http://www.act.org/content/act/en/products-and-services/the-act/registration.html>.

State or District testing deadlines, see your *Schedule of Events*.

## Eligibility to Request Accommodations and/or Supports

---

For college-reportable scores, examinees must request and be approved for accommodations and/or EL supports by working with a school official to submit the request in TAA. Supporting documentation is required for TAA requests.

### Accommodations

To request accommodations, examinees must provide documentation showing:

- They have a professionally diagnosed disability that substantially limits one or more major life activity.
  - They use accommodations in an academic setting, typically demonstrated through an educational plan.
- Consult **Table 1** for information on education eligibility categories and the equivalent ACT disability category.

#### *Supporting Documentation*

Supporting documentation may include but is not limited to: An Individual Education Program (IEP), a Section 504 Plan, or an official accommodations plan. Consult **Table 2** for guidelines for each disability.

If accommodations are not needed to access the curriculum at school, it is unlikely they will be granted for the ACT.

### English Learner Supports

ACT follows criteria outlined in federal law for establishing English learner status, mainly criteria identified in the Every Student Succeeds Act (ESSA). To be eligible for supports on the basis of limited English proficiency, an examinee must provide proof of enrollment at a school located within the United States\* and one or more of the following:

- Limited English Proficiency documented by an appropriate English language proficiency assessment
- Participation in an English Language program at school
- Receipt of the requested supports on classroom tests via a formalized plan

\*Includes US territories and Puerto Rico.

#### *Supporting Documentation*

Supporting documentation must be current and may include but is not limited to: an EL Plan, official support or accommodations plan, English language proficiency assessment results, and/or confirmation of eligibility or participation in an English language program.

### Information to Have Ready to Submit Requests

Before you log into TAA to submit requests, be sure you have all of the needed information ready. See Table 2 for details on what information is needed to submit a request. Requests must be based on the plan and documentation on file for the examinee. For more information, visit [www.act.org/the-act/accommms](http://www.act.org/the-act/accommms).

A *Consent to Release Information to ACT Form* must be on file at the school before requesting accommodations and/or supports.

## Request Process

The process for requesting accommodations and/or supports is as follows.

- 1  • TC requests test coordinator access in the online Test Accessibility and Accommodations System (TAA).  
*Note: The TC invites TACs to join TAA. TACs must request access, which is then authorized by the TC.*
- 2  • TC or TAC submits requests and supporting documentation to ACT using TAA.
- 3  • ACT receives and reviews requests and documentation.  
• ACT provides a Decision Notification in TAA.
- 4  • TC or TAC reviews each Decision Notification.  
• If denied, TC or TAC can edit requests for reconsideration using TAA.
- 5  • ACT provides an updated Decision Notification in TAA, if applicable. TC or TAC reviews any updated Decision Notifications.
- 6  • TC or TAC downloads advanced search results in TAA to plan for test day. To assist in planning for test day, TC or TAC downloads list of examinees with authorized accommodations from TAA.
- 7  • ACT ships paper format test materials to the TC for examinees testing with accommodations and/or supports.
