ACT ENROLLMENT MANAGEMENT SUMMIT 2019

In 2018—to better meet the needs of today's enrollment managers—we reimagined and relaunched the ACT Enrollment Planners Conference as the ACT Enrollment Management Summit. The result? A new event, at a new location, featuring a certification workshop for enrollment management professionals, dozens of new sessions, and more social activities for networking.

We'll build on this momentum in 2019 at an amazing new venue. Join us and higher-education leaders from across the country at this premier professional development event.
