# MORAP Partners & Intermediaries

## **Missouri Community Colleges and Higher Ed**

All community colleges in the state of Missouri are developing Registered Apprenticeship projects. DWD has also engaged Missouri State University and the University of Central Missouri.

## **Missouri Local Workforce Development Boards (LWDB)**

DWD has provided funding to ten LWDB's to develop Pre-Apprenticeships and Registered Apprenticeships.

## **Missouri Department of Elementary and Secondary Education (DESE)**

DWD has engaged DESE to create effective campaigns to market to administrators, parents, and students. Through this partnership, DESE has set an aggressive goal to have over half of their CTE's participating in Registered Apprenticeship. DWD has also funded projects that directly engage local school districts.

## **Missouri Department of Corrections (MDOC)**

DWD has engaged MDOC to reduce recidivism through effective Registered Apprenticeship programs and job placement for justice-involved individuals prior to release from incarceration. DWD and MDOC have also partnered to address MDOC's own workforce needs through Registered Apprenticeship.

# WorkKeys Assessment

Required as a part of the MORAP funding opportunity announcement

- Written into MORAP Contract Scope of Work
- Proctor could be from the Missouri Job Center on-site trainer at the employer or one of our intermediaries

Employer-driven flexibility is key in our business.

Work with the shifts—

- One test at a time
- A dozen night shift workers at 2am
- Entire line of first shift workers at 7am
