# Resources for Success

Examinees completing non-test information online is an essential part of ACT State and District testing—and MyACT® is a vital piece of this process. MyACT is the only platform for students to submit non-test information. The non-test information cannot be submitted via paper. *Note: An overview of the questions in MyACT can be found on the MyACT Profile web site.*

MyACT is mobile-accessible and user-friendly. You can view results on a computer, tablet, or mobile device.
