Test timing

When you select a subject test, a prompt to take the tests **Timed** or **Untimed** appears. Select your preference then select **Start Test**.

Test scoring

Tests are scored as soon as you select **Submit**. When the “Scoring in progress” message under the test name has changed to “Score,” you may select **View Results**.

As you complete each subject test, the dashboard shows the test, when it was completed, the score, and the option to select **View Results**.

Resuming a test

If you closed your browser or shut down your computer, you may select **Resume** to continue. If you select **Exit**, the test will be scored and you will not be able to resume.

Viewing Results

To view results, choose the appropriate subject and select **View Results**. The header will include the timing choice selected, total number of questions, number answered correctly or incorrectly, and score for that subject.

Answers For each question, the response is displayed in the Your Answer column. Any questions answered incorrectly will have a Reveal option in the Correct Answer column. To reveal the correct answer choice, select **Reveal**.
