Non-Test Instructions for Online Testing

This document contains instructions for completing your non-test information. If you complete your non-test information prior to testing or within 4 days after completing your online test, you can send your scores, free of charge, to four colleges or scholarship agencies of your choosing. Changes made after the deadline will not be accepted.

All of the non-test questions and fields are optional unless noted. If you choose to answer them, be sure the information you provide is as accurate as possible because it will be used in various ways. For example, a college may use some of your ACT information as your application for admission, and scholarship programs may use your answers to certain questions to consider you for an award. Information that you choose to provide might become part of your basic record at a college. Although you may skip any optional question that you do not wish to answer, we can provide colleges and scholarship programs with a more complete profile when you answer more questions and provide updates to ACT. ACT strongly encourages you and your parent(s) or guardian(s) to carefully review the ACT Privacy Policy to understand how we collect, use, and disclose personally identifying information.

How to Complete Your Non-Test Information
