 Test Date: Jan 1, 2022

Examinee: Sample, Jane  
 Examinee ID\*\*: 1234

WorkKeys Talent Assessment measures personal and workplace behaviors and attitudes. This report is designed to help identify examinee strengths and weaknesses in order to ensure success in the workplace.

Your Talent Summary Profile scores are expressed as percentiles. Percentile scores show how you compare to others who have taken the assessment. For example, a score of 70 means that 70% of persons received scores that are the same as, or lower than, your score.

## Talent Indices

The Talent Indices are compound personality scales that combine elements of several personality characteristics predictive of success across broad job outcomes, such as managerial potential or teamwork.

Percentile	Scale Definitions
58	<p><b>Teamwork: the extent to which an individual will show compromise, cooperation, and interpersonal understanding when working in teams.</b></p> <p>Your responses suggest that you are likely to work fairly well with others and/or as part of a team. You are likely to be reasonably pleasant, helpful, respectful, and willing to compromise; have adequate communication skills (e.g., professional tone, clarity); and usually maintain a positive attitude about the work, coworkers, and the organization.</p>
52	<p><b>Work Discipline: the extent to which an individual will show dependability, as well as a disciplined and positive attitude toward the job, rules and regulations, and the work environment.</b></p> <p>Your responses suggest that you are likely to show a reasonably dependable and disciplined attitude toward the job most of the time (e.g., meeting deadlines, completing work accurately, complying with rules and regulations). You are usually reliable, put forth the effort required to complete your work, and usually maintain a positive attitude about the work and the organization.</p>
56	<p><b>Managerial Potential: the potential that an individual will show a high level of work performance in supervisory/managerial roles.</b></p> <p>Your responses suggest that you have the potential to perform adequately in supervisory/managerial roles. You are likely to have adequate communication skills and a positive attitude about the work and the organization. Further, you are likely to be somewhat assertive and persuasive during interpersonal interactions, able to solve straightforward problems, and put forth a reasonable amount of effort.</p>
51	<p><b>Customer Service Orientation: the potential that an individual will show a high level of attentiveness, courtesy, and helpful service to customers.</b></p> <p>Your responses suggest that you have the potential to perform adequately in customer service roles. You are likely to provide acceptable service to customers and clients by communicating in a professional and appropriate manner, and by generally helping customers with their problems and concerns.</p>

## Capitalize on Individual Strengths

These are your areas of strength, as measured by this assessment.

Percentile	Scale Definitions
84	<p><b>Savvy: Tendency to read other people's motives, understand office politics, and anticipate the needs and intentions of others.</b></p>

 Examinee ID\*\*: 1234

Your responses suggest that you are highly-attuned to the motives of others. You can perceive what others may be thinking or feeling, and adapt well to social situations as a result. Your high level of perception usually leads to appropriate action in different social and professional settings.

## Continue to Cultivate Individual Skills

These are your areas in which your skills could benefit from additional development.

### Percentile

### Scale Definitions

74

**Striving: Tendency to have high aspiration levels and to work hard to achieve goals.**

Your responses suggest that you are generally driven and ambitious. You tend to strive for competence in your work, although you may not consistently work hard to achieve your desired results. You have a good sense of direction in life and at work, and are usually motivated to achieve your goals.

60

**Cooperation: Tendency to be likable and cordial in interpersonal situations.**

Your responses suggest that you get along with others most of the time. You tend to be agreeable and cooperative in dealing with coworkers in most situations.

57

**Carefulness: Tendency to think and plan carefully before acting or speaking.**

Your responses suggest that you are usually cautious, deliberate, and pay attention to detail in the workplace. You usually think carefully before acting or speaking. You consider the consequences of your actions, but you can sometimes be hasty in your decision making.

56

**Stability: Tendency to maintain composure and rationality in situations of actual or perceived stress.**

Your responses suggest that you try to maintain your composure and temper in situations of high stress. Your conduct tends to remain calm and even-tempered, but your confidence in your ability to handle pressure may diminish during particularly stressful situations.

53

**Discipline: Tendency to be responsible, dependable, and follow through with tasks without becoming distracted or bored.**

Your responses suggest that you are usually committed to your duties. You tend to take responsibility and can usually be relied upon to get your job done on time. You can be distracted at times, but can persist through unanticipated difficulties until the task is done.

53

**Influence: Tendency to impact and dominate social situations by speaking without hesitation and often becoming a group leader.**

Your responses suggest that you are assertive in some social situations. You usually earn the respect of your peers, but

may be reluctant to lead group discussions and projects at times. You can be socially influential and with some effort, can command attention in the workplace.

**52**

***Sociability: Tendency to enjoy being in other people's company and to work with others.***

Your responses suggest that you are usually social and enjoy interacting with people under most circumstances. You are usually comfortable with people in diverse social and professional situations. You can be expressive and can build connections with individuals with whom you are frequently in contact.

**46**

***Creativity: Tendency to be imaginative and to think "outside the box."***

Your responses suggest that you are usually intellectually curious, reflective, and can be open to new ideas and changing conditions in the workplace. You can be imaginative and may enjoy new and complex ideas from time to time.

**46**

***Goodwill: Tendency to be forgiving and to believe that others are well-intentioned.***

Your responses suggest that you normally treat others kindly and are willing to lend your support to coworkers when you can. You usually trust that others are well intentioned, and you treat colleagues with compassion when you feel they deserve it.

**42**

***Optimism: Tendency toward having a positive outlook and confidence in successful outcomes.***

Your responses suggest that you usually feel satisfied and have a positive general outlook. You usually feel that your future is bright and have confidence in yourself. In most circumstances, you feel secure about your competence and abilities in workplace settings.

**40**

***Order: Tendency to be neat and well organized.***

Your responses suggest that you are generally organized, and your physical surroundings are usually neat and tidy. You are usually logical in your approach, and strive to maintain a neat and structured professional environment.

Your primary occupation is in **BOLD**.
