How to Order Test Materials and Place Scoring Orders
College and Career Information System (CCRIS)

PROGRAM: NATIONAL  PRODUCT: WORKKEYS ASSESSMENTS  AUDIENCE: TESTING STAFF

Test materials and scoring orders: Test materials may include standard test booklets, alternate test formats for accommodations and supports, and answer documents. Pre-authorization is not required before ordering accommodations test materials.

Scoring orders need to be completed every time you return answer documents.

WHO Orders Test Materials and Places Scoring Orders

Anyone participating in National testing, with an existing contract, uses the ACT College and Career Information System (CCRIS) to place orders for paper ACT® WorkKeys® Assessments materials and to complete a scoring order when returning answer documents.

WHEN to Order Test Materials and Place Scoring Orders

Use the following points to order test materials according to when you plan to test and return answer documents:

• It takes at least 10 business days for ACT to process and deliver material orders.
• ACT recommends ordering test materials as early as possible before you plan to test.
• Requests to deliver test materials in less than 10 business days will require expedited shipping at the customer’s expense.

• Complete a scoring order after testing is complete. Print it out and return with answer documents for processing.

WHEN to Get a New Account

You do not need to create a new account if you have an existing account for ordering PreACT or a Supplier Registration and Payment System (SRPS) account.

Note: ACT is updating accounts for CCRIS. For existing users, the first time you log in, you will need to register again using your account’s email address to retain the same access you had to CCRIS previously.

Use your established username and password to access the materials ordering system and skip ahead to the How to Order Test Materials section of this document.

Frequently Asked Questions

Q1. What if I have forgotten my password?
A. From the sign-in page, select I forgot my password.

Q2. Do I already have an account?
A. From the sign-in page, select "I forgot my password," enter your email address, and follow the prompts to reset your password.

• If you do not have an account: You will see the message, "Please check your username and password. If you still can't log in, contact your ACT Central administrator."

• If you do have an active account: You will receive a password reset email. Select Reset Password and follow the prompts to create a new password.

Q3. What if I get a message that reads, “User already exists in the system. If you have forgotten the password, please follow the forgot password link”?
A. You may already have an account.

• If you think you may have an account:
  o Return to the sign-in page and follow the steps outlined in “Do I already have an account?”
    ▪ You will not be allowed to create a new account with the same email address.
  o If you already created a SRPS account:
    ▪ Use the same email address and password to sign in to order ACT WorkKeys materials.
• Your email address may already be associated with another user:
  o This is most commonly encountered if a generic email address is being used (e.g., administration@anyhighschool.k12.org). Contact ACT Customer Support to resolve this issue.

• The system is designed to match any new accounts with existing contacts for particular sites.
  o If the information entered is a partial match to data already on file for shipping or billing purposes, the system looks for an exact match on the first and last name.
  o The name you’re entering may be a variation of the name we already have under the same email address (e.g., Mike instead of the original Michael). **Note:** You can make name changes after creating your account and logging in.

**Q4. What if I’m not seeing my organization in the selection menu (or no options at all)?**

**A.** When the drop-down menu for the city or organization does not show any options, this indicates that your browser did not correctly load the list of cities or organizations.

• Select a different state, then reselect the correct state and the information should load properly.
• If you’re not seeing your organization in the drop-down list, check under alternate spellings of the city name (e.g., a school in Saint Louis may be listed under St. Louis).
• If you’re still unable to locate your organization, please contact ACT Customer Support for help.
