

# CAREER READINESS INSTRUCTION THAT FITS THE CLASSROOM

ACT® WorkKeys® curriculum, powered by MasteryPrep, is a proven, online instructional solution that helps educators build learners' foundational workplace skills and prepare them for success beyond the classroom. Designed to support preparation for ACT® WorkKeys® assessments and the ACT® WorkKeys® National Career Readiness Certificate (NCRC®), it delivers real-world, employer-valued skills through a modern, accessible, educator-friendly platform.

## WHY EDUCATORS CHOOSE WORKKEYS CURRICULUM

- **Direct alignment** to WorkKeys assessments and the WorkKeys NCRC.
- **Engaging, accessible course design** that supports diverse learners.
- **Flexible implementation** for CTE, career readiness, adult education, and postsecondary programs.

## KEY FEATURES & CONTENT BENEFITS

### WorkKeys-Aligned Content

Course content mirrors the rigor, format, and skills measured by WorkKeys assessments.

### Personalized Learning

Adaptive diagnostics place learners at the right level and tailor the course to their individual learning needs.

### Engaging Lessons and Practice

Microvideo lessons and interactive practice keep learners actively learning and focused on mastery.

### Accessible by Design

Browser-based platform aligned to accessibility standards to support all learners.

### Actionable Insights

Customizable reports deliver robust analytics that help instructors monitor progress and make informed decisions.

# COURSES THAT SUPPORT CAREER PATHWAYS

## WorkKeys NCRC-Aligned Courses

The **only curriculum built from the ground up** to align directly with the WorkKeys NCRC assessments. Learners prepare to demonstrate readiness by building skills in:

Applied Math

Graphic Literacy

Workplace Documents

## WorkKeys-Aligned Courses

Support extended learning and professional skills development with preparation for additional WorkKeys assessments:

Applied Technology

Business Writing

Workplace Observation

## Essential Skills Courses

Help learners develop the employability and life skills needed for long-term success:

Working in Teams

Work Discipline

Problem Solving & Critical Thinking

Financial Awareness

## Build Skills. Support Learners. Demonstrate Readiness.

WorkKeys curriculum helps educators deliver meaningful career readiness instruction — while preparing learners to demonstrate readiness through WorkKeys assessments.
