

# SEL ASSESSMENT

## GRADE:

3-5  
6-12

## LENGTH:

Avg. 10 min  
Avg. 30 min

## STANDARDS:

CASEL-aligned  
CASEL-recommended

## DESCRIPTION

Measure student SEL development and growth with this formative assessment. Mosaic by ACT SEL Assessment is easy-to-administer, fully online, and requires no special and time-consuming preparation.

Detailed reports deliver the data required to support student and school self-knowledge, growth, whole child development, school climate, and continuous improvement.

Grades 3-5 assessment measures three social emotional skills and school climate using two question types.

Grades 6-12 assessment measures five social emotional skills and school climate using three question types.

## OTHER BENEFITS

Use the assessment to identify student SEL needs before implementing SEL curriculum programs and to assess student growth after completion.

**“This assessment may be the most important thing we do to prepare them for, not just high school graduation, but college completion.”**

- Eve Rifkin, Director of College Access, City High School

## ASSESSMENT HIGHLIGHTS

- ✓ Multimodal approach for reliable, valid results
- ✓ Easy and convenient to administer online
- ✓ Comprehensive progress reports for students and school
- ✓ Valuable data and feedback to support students

# SEL ASSESSMENT

<b>GRADE:</b>	<b>LENGTH:</b>	<b>MEASURED STANDARDS:</b>
3-5	Avg. 10 min	3 CASEL-aligned skills and school climate, using 2 question types
6-12	Avg. 30 min	5 CASEL-recommended skills and school climate, using 3 question types

## DESCRIPTION

Measure student SEL development and growth with this formative assessment. Mosaic by ACT SEL Assessment is easy-to-administer, fully online, and requires no special and time-consuming preparation.

Detailed reports available in a dashboard and PDF format deliver the data and visualization required to support student and school self-knowledge, growth, whole child development, and school climate. Assessment data may be easily filtered from the district level down to the student level with additional demographic filters such as grade-level, gender, and race/ethnicity available. Conveniently integrated with all major LMS, results from SEL assessments flow through the dashboard to help educators make informed intervention decisions and identify students who may need additional support.

## OTHER BENEFITS

Use the assessment to identify student SEL needs before implementing SEL curriculum programs and to assess student growth after completion.

**“This assessment may be the most important thing we do to prepare them for, not just high school graduation, but college completion.”**

- Eve Rifkin, Director of College Access, City High School

## ASSESSMENT HIGHLIGHTS

- ✓ Multimodal approach for reliable, valid results
- ✓ Easy and convenient to administer online
- ✓ Comprehensive progress reports for students and school
- ✓ Valuable data and feedback to support students delivered by detailed reports available in a dashboard and PDF format
